# MAYOR'S FOREWORD

**CLLR RALESOLE DIALE**  
*MKLM Mayor*

Let me start by applauding the leadership of this Municipality, that despite the Outbreak of Covid-19, Most of us never took a Break. As the Mayor of this Municipality, it gives me a great Joy to see such a Great commitment from fellow Councillors, Magosi, and Officials which continued to work during the National Lockdown for the advancement of this Municipality.

Presentation of this Newsletter comes at the time July- August, whereby we just started the new Financial Year. As the Municipality despite Covid-19 we continued to work as part of rendering services to the people. The Municipality continued to priories rendering Water related Project for example Pella Phase 2 Water Project SOD Turning which took place not so long time ago.

I now present this June-August Newsletter Edition to all our communities and say, this Official Municipal Newsletter is aimed at sharing information as well as to keeping our residents informed at all times.

Thank you.

# MUNICIPAL MANAGER OVERVIEW

**MR MOKOPANE LETSOALO**  
*Municipal Manager*

From the Administration side, it gives me great pleasure to state that despite that this year we worked during the Pandemic called Corona Virus with New Normal Behaviours, However a lot has been achieved within a short Period of time.

Firstly the Municipality complied and aligned with all of the National Command Council as well as the Employment/ Workplace Guidelines that had to be in place during this difficult time.

## **Most of the Recent Successes Include:**

- Re-absorption of MKLM Traffic Trainees for the period of 12 Months through an EPWP Programme. This helped for more safety compliance/ Visibility as well as Revenue Enhancement.
- A lot of Vacancies were advertised recently which were on the Pipeline for long period of time

This Newsletter is one of the platforms used to actively allow our communities opportunity to be updated on our municipal activities, programmes, events, service delivery projects achieved and on the pipelines etc.

Thank you.
