**Thursday, 19<sup>th</sup> June 2025**

The Moses Kotane Local Municipality hereby notifies all ratepayers and businesses that arrangements must be made for the payment of municipal water services. Despite repeated notices several accounts remain in arrears. As custodians of public infrastructure and service delivery, the Municipality must take the necessary steps to ensure sustainability and compliance.

Kindly be advised of the following:

1. All affected parties are required to settle their outstanding water accounts or make payment arrangements at the municipal offices. Failure to respond will leave the Municipality with no alternative but to initiate physical disconnection of water supply to the non-compliant premises without further notice.
